

Opening Doors
healing • hope • home

**WE BELIEVE IN SECOND CHANCES, THE POWER OF HOPE,
AND THE STRENGTH OF COMMUNITY.**

This Spring, we invite you to be a part of another transformative journey – one that has given a mother and son the opportunity to rebuild their lives together.

Tiffany entered Teresa Shelter in August 2024 carrying the weight of many challenges – mental health, substance use, domestic violence and an unsafe living environment. Her 11-year-old son, Norman, was living with family in Alabama.

Tiffany immersed herself in our program, resources and with support learned new skills and gained self-confidence. She learned to prioritize her well-being and soon began to envision a brighter future for her and her son.

Today Tiffany and Norman are living in their own apartment. They are part of our Aftercare program where we will continue to support their success.

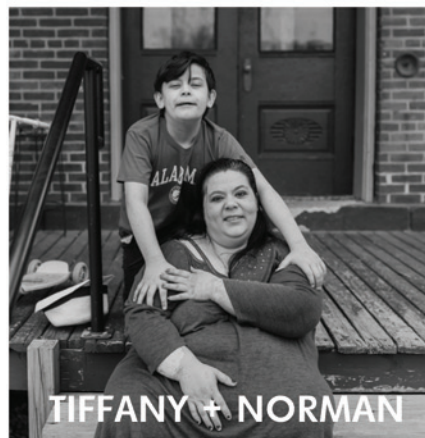

This is the power of your support. We ask you to help more families like Tiffany and Norman. Your donation provides shelter, safety and essential services that empower women and children to build new lives. With your generosity, we can continue to open doors to hope and healing. We are grateful for your consideration.

"The day I walked into Opening Doors changed my life. I was scared at first, not knowing what was to come. Being at The Teresa Shelter was a life-changing experience. Not only was I able to get clean, but I was also able to bring my son home. The future looks brighter today than it ever has, and I thank the wonderful people at Opening Doors who continue to help and support us in our time of need."
